VIT

Vellore Institute of Technology

SCHOOL OF COMPUTER SCIENCE AND ENGINEERING

Fall Semester 2019-20

CAT-II

E2 Slot

Course Name: Internet and Web Programming   Course Code: CSE3002

Duration   : 90 minutes   Max. Marks : 50

Answer All the Questions

1. (i) Validate the given user input is the VIT University student register number or not. If it's not a valid VIT University student register, throw an exceptions as "wrong input format". [CO3]   [4]

   (ii) Using JavaScript display the simple clock. Pause the clock, whenever user move their mouse pointer on the clock. [CO3]   [6]

2. Develop the PHP web application to allow the user to upload the file and perform the followings [CO4]   [4+4+6+6]

   a. The uploaded file should contain only Student_reg_no, CAT1 Marks(for three courses- CSE3002, CSE3003,CSE3004) separated by comma or hyphen.

   b. Check for the duplication of a file, if it is already exists ask the client to upload a new file. If file is not already exists, store the file in a server as "Student_reg_no.txt" (ex: 18BCE0001.txt)

   c. After successfully saved the file in to a server, open the uploaded file and update the student marks in an individual file for CSE3002 CAT1 mark in "CSE3002.txt", CSE3003 CAT1 mark in "CSE3003.txt" and CSE3004 marks in "CSE3004.txt" file.
